

Sell an American story.

A diving horse. A ride on the rolling chairs. These classic Atlantic City attractions captivated young **PAULA JEROME** during her family's day trips to escape the oppressive summer heat of Philadelphia. Now she memorializes the magical 1950s boardwalk in charm bracelets of 100% recycled gold and silver.

Charm your customers with jewelry and accessories made of recycled and sustainable materials. Visit the Eco Arts Market display at the Buyers Market of American Craft.
